

PSD's Attitude to the Armenian Question

In its statement on April 24 (2003), Partiya Serbestiya Dersim&Kirmanciye (Freedom/Liberation Party of Dersim-PSD) takes a clear stand on Armenian question. PSD condemns the Armenian genocide and demands the acknowledgement of it. In addition to this, the following demand is also underlined in the statement: "Armenians wishing to return to their historic motherland must be given the right to do so, with all their democratic rights secured". This is a position opposed to that of nationalists groups or parties of all kind. We will stay in solidarity with Armenians and keep calling others to do the same.
